

The Settlers High School

1 July 2020

Dear Parents

EARLY SCHOOL CLOSURE ON FRIDAY 3 JULY AND LIFE ORIENTATION INFORMATION

Please be advised that we need to close school at 12:30 on Friday, 3 July 2020, to prepare for the next phase of schooling -which starts on Monday 6 July 2020. This preparation involves reorganising and moving furniture to prepare for this phase, as learners will remain in the same venue for the day and teachers will move around. Once the venues have been set up, we also have to deep clean the building to ensure a sterile and safe start on Monday 6 July 2020.

Furthermore, we just want to confirm that the Life Orientation videos and content is all being uploaded to the same Life Orientation Google Classroom (code-epgyr64) that was established on 18 March 2020. This platform is also constantly being updated with information from tertiary institutions to keep the learners informed of new operational procedures of these institutions, as well as any other career information.

Thank you again for all your support and patience with us during this extraordinary time as we navigate a new normal.

Kind regards

Mrs L Hall
Deputy Principal
