

## The Settlers High School

6 July 2020

Dear Parents and Learners

### FET LIFE ORIENTATION ONLINE LESSONS AND CORRESPONDENCE

We trust that you and your family are safe and that you are coping with the “new normal” that we are all faced with. The Life Orientation department has therefore had to adjust with regards to this new way of teaching and transition of the learners returning to school.

We have decided to use the online platform - the Google Classrooms created during the lockdown period - to continue our teaching, as we are a specialist subject and only three educators are teaching the whole school.

Learners are therefore encouraged to please log on weekly and to watch the online lessons and homework uploaded on a weekly basis. **One lesson** will be loaded **per week** as per the standard CAPS allocation. We would like to encourage learners to be accountable and to take responsibility for the downloading of lessons and to spend time reviewing their Life Orientation.

Below is a tabulated guideline with regards the procedure for lesson uploads and the adjusted program of assessment for Life Orientation as per the new adjusted teaching plan provided by the Department of Basic Education:

Grade	Lessons uploaded	Term 2 assessment	Term 3 assessment	Term 4 assessment	Physical education
10	Monday	Test	Task/Test	Final Examination	No PE in FET Phase
11	Wednesday	Test	Task/Test	Final Examination	No PE in FET Phase
12	Wednesday	Test and task	Revision	Final Examination	No PE in FET Phase

The Google Classrooms created for the lockdown period will be the platform for learners to use for their online learning. Learners are allowed to ask questions on this platform and they are also allowed to contact their LO teacher via email, WhatsApp or at school. Learners will be expected to download the video lessons at school (during Class Educators’ period, breaks or after school) or at home.
