

THE SETTLERS HIGH SCHOOL

COVID-19

UPDATE

HELP
STOP
THE
SPREAD
AND STAY HEALTHY

28 August 2020

Dear Parents, Learners and the extended Settlers family

COVID-19 UPDATE #12

The grade 8's and 9's returned to school this week for the first time since lockdown started. Many of them have grown in length and significantly matured in the last almost five months. We are grateful to have them back. Their lively energy was clearly missing these last few weeks.

The school continues to keep pace with the decline in provincial and national statistics and we have NO new Covid cases to report. We want to thank parents for being proactive and keeping their children at home when they are sick or when they are alerted to possible Covid cases in the family or friend circles. In the last week we have noted an increase in learners not wearing their masks after school while waiting for lifts or walking home. We will remind learners of how important wearing a mask is, please do so as well.

Today I would like us to pause and be thankful to all the frontline workers who continue to face this epidemic head on despite the dangers they face daily. Please keep them and the school in your prayers as we continue to tackle this new "normal". Stay safe.

Kind regards

Mrs Gallie
Principal

"The roots of all goodness lie in the soil of appreciation for goodness."
