Dear Parents, Learners and the extended Settlers family

COVID-19 UPDATE #17

The grade 12's started their trial examination this week. Twelve years of school will culminate in a countdown of 33 days to the NSC Final Examination. We wish the matrics well as they take stock of how well prepared they are for finals.

We highlighted kidnappings last week and requested that parents have a serious chat with their child about this matter. Management was alerted yesterday afternoon to a strange man taking pictures/videos of our learners. If you witness this or anything else that is concerning, please alert the school immediately. We have asked the police to patrol the area and made staff and learners aware of the situation.

Another concern is the poor attendance of learners, especially the grade 9's and grade 11's on a Friday. Please ensure that your child attends school regularly, on the specific days allotted to that grade.

We continue to track provincial and national statistics and have NO new Covid cases to report this week. Please keep the school and its extended family in your prayers as we navigate unusual times.

Kind regards

Mrs Gallie
Principal
