

# COVID-19 UPDATE

14 June 2020

Dear Parents and Learners

## COVID-19 UPDATE #2

Please accept our apologies for the Sunday night communications every weekend, but unfortunately at present the weekend seems to be when we receive the test results for tests done in the week.

We trust that, as we navigate this new world we are living in, we are all controlling the controllables and are behaving responsibly to remain as safe as we possibly can. We continue to work on maintaining the safety of the environment we move in at school and please be assured of our continued regular assessment of our situation.

### **I. POSITIVE CASES**

Besides the cases reported on last weekend we have had one further positive test for one of the admin staff members and we are awaiting a further test result for a teacher.

The staff members reported on last weekend are all doing well and the teacher who self isolated remains asymptomatic.

The learner reported on last weekend is also recovering well.

### **2. NEWS re MRS GALLIE:**

Mrs Gallia remains very ill at the moment and we request that we all continue to uplift her and her family in our prayers. We thank all members of the Settlers family for their love and support during this time. Mrs Gallia is still unable to respond to the multitude of messages she received, but she and her family are aware of all of them and they have expressed their gratitude.

The school, as a precaution, deep cleaned the whole school on Monday evening, 8 June. After receiving the latest positive results, we have asked the WCED to assist us with the deep cleaning process and, as they need to procure contractors, **the school will be closed on Monday 15 June 2020** for this. Tuesday is Youth day and we will be open for business again on Wednesday, 17 June 2020. Please also note the circular regarding the changed school dismissal times as from next week.

We have also bought a fogging machine to deep clean the school as an ongoing process as part of our cleaning regime, but are currently awaiting its delivery.

Please remain safe and continue to be responsible.

Kind regards

Mrs L Hall and Mr H Smuts  
Deputy Principals
