

THE SETTLERS HIGH SCHOOL

COVID-19 UPDATE

HELP
STOP
THE
SPREAD
AND STAY HEALTHY

18 June 2020

Dear Parents, Learners and the extended Settlers family

UPDATE #3

It is with very grateful hearts that we are able to report today that the doctors say Mrs Gallie is on the road to full recovery. Today, she was also able to communicate with us via Whatsapp for the first time since 4 June. Currently she is still in hospital, but her condition is much improved.

Unfortunately, Mrs Gallie is unable to respond to the numerous messages and, therefore, we request that you communicate with the school should you wish to share a special message for her. Let us allow her the space and time to recover fully.

Furthermore, we wish to report that another member of staff has tested positive and is currently recovering at home. All safety protocols as stipulated by the WCED have been followed at school in this regard and safety for all remains our main focus and objective.

We also ask that you continue to keep Mrs Gallie, her family, our staff and the greater Settlers family in your prayers during this time, as many families are confronted with real hardship, illness and loss of life.

Kind Regards

L Hall & H Smuts
Deputy Principals
